## Welcome to the tenth issue of our Welfare Bulletin

This spring edition celebrates the success of our welfare bulletin with our 10<sup>th</sup> issue! This bulletin continues to bring to you the latest changes and updates in welfare benefits that are due to affect people experiencing mental health difficulties in Harrow. It will enable you to be aware of upcoming changes and allow you to prepare accordingly.

The Government's Welfare Reform Act continues to have a big impact on those who receive benefits, with gradual changes being implemented from month to month.

There has been significant positive developments of late in government decisions to

improve access to disability benefits for those with mental health needs.

This tenth bulletin aims to keep you informed of

these changes current and future, in order for you to take action with your welfare benefits issues.

## HOUSING BENEFIT AND COUNCIL TAX SUPPORT

If you are struggling to pay your rent or council tax and are on a low income, then you may be able to receive Housing Benefit or Council Tax Support. To **find out if you may be entitled** and how to make an online claim, please visit [www.harrow.gov.uk/benefits](http://www.harrow.gov.uk/benefits). There is also an online calculator available linked to the online claim form.

If you are currently in receipt of Housing Benefit or Council Tax support then you must **notify the Council of any changes to your circumstances**. This will ensure that you are not overpaid and that you are receiving your full entitlement since claims are not always backdated to the date the change occurred.

Backdating Housing Benefit claims was reduced in April 2016 to a maximum of 1 month for working age claimants. Claimants of state pension credit age can however have claims backdated by up to 3 months if there are justifiable reasons.

Backdating claims for Council Tax Support is possible up to 3 months for both working age and state pension credit age applicants.

**You are encouraged to notify the Council of changes to your situation** online at

[www.harrow.gov.uk/circumstances](http://www.harrow.gov.uk/circumstances)

Additional information can be found at

[www.harrow.gov.uk/housing](http://www.harrow.gov.uk/housing).

Housing Benefit at present is currently paid directly into your rent account if you are a council tenant and your bank account if you are a private tenant. These payments are paid in arrears of 4 weeks. Dates of payment have been issued for 2018 and are available at:

[http://www.harrow.gov.uk/info/200205/housing\\_benefit/261/how\\_and\\_when\\_is\\_housing\\_benefit\\_paid](http://www.harrow.gov.uk/info/200205/housing_benefit/261/how_and_when_is_housing_benefit_paid)

## **Local Housing Allowance (LHA)**

Tenants that rent from private landlords and claim housing benefit use a LHA to calculate the **maximum amount of Housing Benefit** to which you would be entitled. The LHA is based mostly on the size of your property as well as other factors. These LHA rates are due to increase in April 2018. To find out what your LHA is and the proposed increases, please visit:

[www.harrow.gov.uk/lha](http://www.harrow.gov.uk/lha)

### **Social Sector Size Criteria (SSSC)/ 'Bedroom Tax'**

Since April 2013, there has been a limit in place for how much Housing Benefit can be claimed, according to the number of bedrooms in your household. If you are under-occupying your property, then your Housing Benefit will be reduced by a percentage depending on the number of spare rooms.

From April 2017, there has been an **extra bedroom allowance** for Housing Benefit claimants. A list of how many people can occupy each room is available from the following website:

[www.harrow.gov.uk/sizecriteria](http://www.harrow.gov.uk/sizecriteria). If you are a council tenant and your property is larger than your needs, there is **help available to transfer or exchange to a smaller property**. To discuss this possibility, please call the under occupying housing team on: 0208 424 1509.

### **Temporary Absence from Home**

When you are receiving Housing Benefit and Council Tax support, you are required to be living at home during this time. There is a period of absence that is permitted without disrupting your payments, which has been recently changed to 4 weeks as of April 2017. For more information on temporary absence, you can access the guide from:

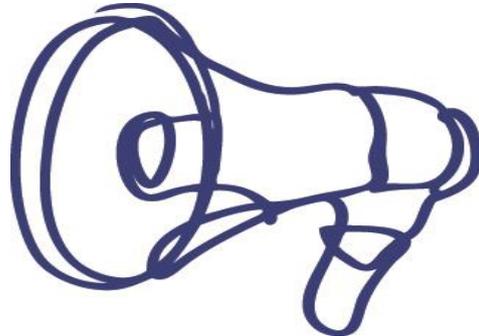

[http://www.harrow.gov.uk/downloads/file/8681/housing\\_benefit\\_and\\_council\\_tax\\_support\\_temporary\\_absence\\_guide](http://www.harrow.gov.uk/downloads/file/8681/housing_benefit_and_council_tax_support_temporary_absence_guide)

### **Admission to Hospital**

Please be aware that if you are admitted to hospital, there may be a disruption to your income depending on the type of benefit you are receiving and also your length of stay. DLA and PIP payments will stop after 28 days of being in hospital. If you are claiming Carers Allowance for someone in hospital that is receiving these benefits, then these payments will also stop after 28 days. If you are receiving income based ESA, this will only be reduced after 28 days but will stop entirely after 52 weeks. There is no reduction to contribution based ESA. Housing Benefit and Council Tax will continue to be paid as usual up until 52 weeks.

For further information on benefits whilst in hospital please visit:

<https://www.turn2us.org.uk/Benefit-guides/Going-into-Hospital-and-benefits/Benefits-in-hospital>

### **EMPLOYMENT RELATED**

#### **Employment Support Allowance (ESA)**

For people experiencing mental health problems and as a result are unable to work, the quickest way to apply for **Employment Support Allowance** is by phone:

0800 055 6688 (Monday to Friday, 8am to 6pm.) You can also post form ESA1 to your local Jobcentre Plus office. The interactive version of form ESA1 can be filled out on a computer. For further information visit:

[www.mind.org.uk/news-campaigns/campaigns/benefits/where-you-can-find-help/](http://www.mind.org.uk/news-campaigns/campaigns/benefits/where-you-can-find-help/)

If you have already made a claim for ESA and need to **clarify details of your payments** please call: 0345 608 8545. Please note this number may incur a charge.

As of September 2017, claimants currently in the support group for ESA with limited capacity to work and work related activity (LCWRA) for Universal Credit (UC) who attend a Work Capability Assessment (WCA) will no longer need to be re-assessed if they have a **severe lifelong disability or health condition** and are unlikely to ever move to work. A specified criteria will need to be met, such as considering the nature of the condition, if it is likely to improve and if there is any realistic expectation that you would move towards work or take part in work related activity at any point in the future. You will be informed whether you fall into this category and therefore do not need to be periodically re-assessed after your next WCA.

Those claiming ESA and currently undertaking permitted work are able to earn up to £120 each week after tax.

### **Mandatory Reconsideration**

If you want to dispute the outcome of your Work Capability Assessment, you will have to go through a 'reconsideration' process **before you are put forward for appeal.**

This is a process in which the decision you are disputing is reassessed by a different decision maker. It is crucial that you **ask for a mandatory reconsideration within a month** of the original decision date. You can do this by writing a letter to explain the reasons why you think this decision is incorrect, and provide evidence to support this. While this process is underway you are entitled to apply for an alternative benefit such as JSA.

Mandatory reconsiderations also apply for the PIP application process.

### **Health and Work Conversation**

If you are making a claim of ESA for the first time you may be required to attend the Job Centre for an interview regarding your health and work. This is different from the Work Capability Assessment. The purpose of this conversation is to discuss the type of work that you would like to do in the future and to make a plan on how you may achieve this. This interview has now been made mandatory and will be rolled out across the country over the next few months. Those that do not attend may risk a benefits sanction, so **it is important that you attend.** There are a list of exceptions for those who are suffering from a severe medical condition that will prevent them from attending. If you receive a letter asking you to attend a Health and Work conversation and you are too unwell, it is important that you phone the Job Centre to inform them that you are too unwell to attend.

### **The Work and Health Programme**

The government's new Work and Health Programme has been started in Harrow from February 2018. This is an employment scheme that will replace the current Work Programme and Work Choice Schemes. You may be asked to attend if you are receiving JSA, ESA or Universal Credit. This is a **voluntary scheme for**

**those with health conditions or disabilities.** You should not be required to attend the programme if you do not want to take part or are too unwell. Look out for further information available at the Job Centre for further details on this programme.

### **DISABILITY BENEFITS**

#### **Personal Independence Payment (PIP)**

PIP has replaced Disability Living Allowance (DLA). There was a nationwide roll out in which reassessments were chosen at random throughout the country rather than by postcode.

It is no longer possible for people of working age to claim DLA.

***People still receiving DLA should look out for a letter about reapplying for PIP from the Department of Work and Pensions (DWP). Make sure that you follow these instructions and apply for PIP as soon as possible.***

If you fail to complete your application for PIP within four weeks of receiving your letter, your DLA payments will stop.

However, if you apply for PIP within four weeks of receiving this letter you will keep getting DLA until a decision is made about whether you should receive PIP. More information about PIP can be found at [www.gov.uk/pip/overview](http://www.gov.uk/pip/overview).

If you think that your contact details are not up to date, you should **update the DWP** by calling on the number below to make sure that you receive this letter.

#### **New claims for PIP**

To make a claim, phone DWP on the PIP new claims phone line.

Telephone: 0800 917 2222

Textphone: 0800 917 7777

Monday to Friday, 8am to 6pm

For information about seeking advice for a claim already made please visit:

[www.gov.uk/disability-benefits-helpline](http://www.gov.uk/disability-benefits-helpline).

You may be invited to a PIP assessment where you will be assessed on several areas of your life and how your disability affects you on a daily basis. **It is important that you attend this meeting and provide letters** from doctors, medical professionals, hospital appointments and medications. If

you do not attend this meeting, you will be refused payment of PIP. For details of the questions that will be asked at this assessment please visit:  
<http://www.benefitsandwork.co.uk/PIP/indexxx.php>

In December 2017 the courts ruled that recent restrictions to Personal Independence Payment (PIP) discriminated against people with mental health problems. The changes occur around assessing the ability to complete a journey, which previously did not take into account psychological distress. Recently the courts ruled that **people who find it difficult to undertake journeys because of psychological distress should be eligible for the enhanced mobility component of PIP**. Action has been ordered to examine existing cases to identify and contact those who may be entitled now this change has been made. This change is expected to affect 10,000 claimants who are due to receive an extra £70-£90 a week by 2023. Information regarding the process for being re-assessed for PIP have not been released yet, further information will be available in future editions of the Welfare Bulletin. For more detailed information on the PIP process so far, you can download the PIP handbook at:  
[https://www.gov.uk/government/uploads/system/uploads/attachment\\_data/file/662190/personal-independence-payment-handbook.pdf](https://www.gov.uk/government/uploads/system/uploads/attachment_data/file/662190/personal-independence-payment-handbook.pdf)

## **NEW BENEFIT CHANGES**

### **Universal Credit (UC)**

Universal Credit is a new single payment social security benefit being launched by the DWP. It is replacing most means-tested benefits including income based Job Seekers Allowance (JSA) and ESA, Income Support, Housing Benefit, Working Tax Credit and Child Tax Credit. UC is made up of individual elements and each element has its own conditions to meet.

Universal Credit began to be introduced in Harrow from October 2015 and due to delays in the implementation of the reforms, will now aim to be in full effect by 2022. At present, a proportion of single people are claiming UC who would have

previously claimed JSA in Harrow (also known as the live service). This live service stopped on 31/12/17 meaning until the full UC service is implemented, new claimants should apply for existing benefits e.g JSA, ESA. The full service will be rolled out by postcode area, with **the majority of Harrow using the full service from July 2018**. You may start to receive information regarding UC from Harrow Council and Job Centre Plus, so **look out for this information**. A special edition of the Welfare Bulletin focusing on UC will be released in early summer.

'Universal Credit and You' provides an overview of UC for claimants and can be downloaded from:

### **Reduced Benefits Cap**

The Benefits Cap is a restriction on the amount of benefits a household can receive. The cap is currently set at £23,000 a year (£442.31 a week) for working age families and £15,410 a year (£296.35 a week) for single adults with no children in Greater London. This came into effect nationally from Autumn 2016 and was implemented in Harrow from November 2016.

The Benefits Cap applies if you or your partner are of working age and are receiving Housing Benefit and/or Universal Credit (Housing element). Benefits counted towards the cap include: Housing Benefit, Income Support, JSA, ESA, Incapacity Benefit and Universal Credit.

Households that are receiving total qualifying benefits that exceed the cap will have their Housing Benefit reduced to fall within the limit.

Please note that if you are **receiving DLA or PIP** this means that you are **exempt from the cap**. Being exempt means that your benefit won't be capped, even if your total benefit income exceeds the limit of the cap. Other **benefits that are not included towards the Benefit Cap** are: ESA (support and limited capability for work related activity group), Carers Allowance and Attendance Allowance.

The Benefits Cap is currently in effect in Harrow. To receive support and guidance around the Benefits Cap and how this will affect you, contact with the Council and Housing Services is recommended.

**If your income is reduced** as a result of the Benefits Cap, the options that you can take to reduce the impact include:

- Increasing your work hours and to apply for Working Tax Credit.

- Explore whether a member of your household can claim a benefit that is excluded from the cap.
- Look for a cheaper accommodation alternative.

In particular cases, you may be exempt from the Benefits Cap. For detailed information regarding this, please visit:

### **Changes in local information services**

Recent funding cuts have been made by Harrow Council to Harrow's information and advice services. The Welfare Benefits advice service at Harrow Association of Disabled people (HAD), provide specialist welfare benefits advice for people with disabilities now charges a small fee for its' service to compensate for the loss in funding. More information regarding these costs are attached to the back of this bulletin.

If you are unable to pay for advice, The Citizen's Advice Bureau (CAB) is now the contracted general information and advice service for Harrow. They are able to provide information on the following areas; housing, debt, welfare benefits and access to legal support. The easiest way to contact the CAB is to attend their drop in sessions. This is available on the website above. It is important that you check the criteria before applying to give yourself the highest chance of success. Once you have sent in your application form, a Council contractor called Access Independent will assess your application against the eligibility criteria.

### **National Disabled Person's Freedom Pass**

This is a legal entitlement if you meet the eligibility criteria:

#### **Automatic Eligibility Criteria**

Harrow residents are automatically entitled to apply for a National Disabled Person's Freedom Pass if they are

- in receipt of the higher rate mobility component of DLA
- in receipt of War Pensioner's Mobility Supplement

#### **Assessed Eligibility Criteria**

Under Section 92 of the Road Traffic Act 1988, people with a 'severe mental disorder' and assessed as not fit to drive by a medical professional, may be eligible for National Disabled Person's Freedom Pass.

Individuals experiencing difficulties managing drugs and/or alcohol intake are not included as part of the criteria. It is not a requirement that a driving licence should be refused before applying for a freedom pass. You would need to provide evidence from your consultant psychiatrist along with your application to state that you would be refused a driving licence should you apply.

For details of the full eligibility criteria, please read 'Harrow's Eligibility Policy' available on the website given above.

### **Blue Badge**

Currently a Blue Badge can only be issued to applicants with a disability if one of the following criteria has been met:

- The applicant has been awarded 8 points or higher on the moving around component of PIP assessment.
- The applicant is not able to walk independently 50m.

This overlooks those who have difficulty moving around due to psychological distress. This may soon be due to change after the recent success with PIP, which may make it easier for those with hidden disabilities to access a blue badge and remove the barriers to getting around for those with mental health conditions. Changes proposed are for health care professionals to assess and consider evidence related to an individuals' mental health condition. Consultations are currently underway and further details will be shared in further welfare bulletins.

For more information regarding the eligibility at present, please visit:
