Young person's wellbeing & support services in Harrow

This guide is designed to help young people in Harrow find suitable support for your wellbeing and various challenges you may be facing in life.

If you are struggling with your mental health, you can talk to your GP who will help you navigate your options including services available through the NHS.

There are also lots of charities and other organisations offering support, free of charge or at a low cost.

As well as this guide, there are two online resources providing comprehensive lists of local services:

- harrowlocaloffer.co.uk
- youngharrowfoundation.org/young-people

School Services

Harrow's primary and secondary schools and colleges are well set up to support students' mental health needs. You can speak to your teacher, form tutor or head of year to find out what is available in your school.

Your school may have:

- Designated Mental Health Lead
- Mental Health Support Team: qualified practitioners who can provide individual support to students experiencing anxiety, stress or low-mood.
- School Nurses
- School counsellors and wellbeing departments
- Educational Psychologists: work with schools to find the best support for students with more complex needs.

Apps

Calm Harm

provides tasks that help you resist or manage the urge to self-harm. You can add you own tasks too and it's completely private and password protected.

Catch It

Catch It uses CBT techniques to help you to change the way you think and feel about things. This is useful for anyone who struggles with feelings like anxiety, low mood, anger and confusion. It can help you to look at problems in a different way, and challenge negative thinking styles.

Chill Panda

This app helps you learn to relax and manage your worries. It can measure your heart rate and suggest tasks to suit your state of mind. For example, it includes simple breathing techniques and light exercises to take your mind off your worries.

Headspace

This is an app that teaches mindfulness and meditation. Mindfulness and meditation have been shown to reduce stress and improve sleep. The app is guided meaning someone will be talking you through the exercises. It offers 10 days free on the app which you can use repeatedly.
